## SL305 Series

### SPLIT HOTEL LOCK

Pure 304# stainless steel material  
Die casting 304# mortise latch and deadbolt  
Hidden cylinder ensure the security  
Imported PC material for the reader  
Free to change to different handles

## SL306 Series

### SPLIT HOTEL LOCK

Pure 304# stainless steel material  
CNC made reader cover with mirror finish  
Imported leather handle with solid structure  
Die casting 304# mortise latch and deadbolt  
Hidden cylinder and pcb to ensure the security  
Imported PC material for the reader  
Free to change to different handles

## SL308 Series

### PROXIMITY ELECTRONIC LOCK

Luxury style lock for hotel/apartment use.  
With proximity technology, working frequency: 13.56MHZ.  
Standard treatment: Bright chrome and PVD golden.  
#5 Zinc alloy material for lock handle, panel, handle collar, good to use in high humidity area.  
Hidden cylinder design, provide you safety use.  
User-friendly software system, easy to install and maintain.  
With rustproof treatment, ensure long using life.  
Available to use on 30-60mm door.
